

INFRARED OUTDOOR

Pacific 4-Person Modern Outdoor Infrared Sauna

The Pacific 4-person modern outdoor infrared sauna offers extra-wide bench seating with room for the whole family. Built from Canadian hemlock with a weatherproof finish and modern metal composite roof, it is made to live outside year-round. Far-infrared heaters bring the cabin up to 140°F, while a Bluetooth sound system, color-changing chromotherapy lighting, interior and exterior LED lighting, an air purification system, and cup holders complete the experience.
