FEATURES & INCLUSIONS

- The Water Circulation Pump features low energy consumption, a long service life, and a quiet operation. Making it an environmentally friendly and cost-effective solution.
- The Sierra Spa tub's multi-stage filtration and conditioning system is designed to deliver exceptionally clear, high quality chilled water.
- The Cool and Heat Pump efficiently cools water to as low as 37* F and operates with a temp range of 37°F to 104°F. It can lower the temp of a 100 liters of water from 73°F to 42* in just 1.5 hours when the ambient temperature is 59°F.
- Has Smart Phone connectivity for easy and convenient control.
- All-In plug and play set up for ease of use.
